

Jerry Nelson in Concert

Jerry is one of the great piano artists in America today! He is an international concert performer, a composer, orchestrator and recording artist. His musical styles run the gamut from jazz, contemporary, folk, country, gospel and classics. DVDs & CDs will be available.

He has been a 30 year "artist in residence" at Denver First Church. He has over 600 recorded projects, and he has also conducted orchestras from London and Tel Aviv to Los Angeles and Nashville. He now has over 6,000 arrangements with a number of published musicals. Hopefully he will do his famous "Jesus Loves Me" filled with surprises and chuckles that takes his audience on a world-wide journey.

You will be held spell-bound by his humor and his "meaty" insights from his relationship with his Lord. Jerry is married to Rachel who will be with him as she adds her expertise to the enrichment of his musical ministry.

His most recent addition to his concerts is a magnificent color video that puts the viewers beside him at the keyboard and in the middle of the orchestra with some of the most beautiful scenery from around the world!

INCREDIBLY GREAT!**
